# //PURE BEAUTY ORCHIDS

**CAPTIVATING** -- It's the best word to describe our orchids. With a variety of vibrant colors, striking markings, and multiple sizes, Pure Beauty Orchids are quite simply attention grabbers!

# // LASTING BEAUTY

Pure Beauty Orchids are grown from selective breeds of Taiwanese orchids. Our orchids are sought after for their high bud count and large petals.

With their deep colors and striking markings, these spectacular orchids create a showy flow of color and beauty!

With varying degrees of spots, veining, and splashes of coloring, we offer a wide variety of orchids year round. Dark Amethyst is just one of many offerings in the purple family.

# //COLORFUZE

Boldly infused with a patented dye, our ColorFuze orchids showcase flowers with deep, rich color and breathtaking variations in the trailing buds. These enhanced orchids are elegant and whimsical at the same time.

**Go ahead - indulge your senses!**

## //EXCLUSIVE

Plainview Growers is one of only three licensed US producers of dye-infused orchids. Our ColorFuze collection offers a wide range of colors that are perfect for any season or holiday!

# // CLASSIC BEAUTY

Using a variety of containers – glass, wood, metals – as well as trendy accent pieces, we create unique and inspiring upgrades.

**Perfect for gift-giving,** holiday decorating or 'just because.'

# //VERSATILE

Our micro mini orchids are so versatile and easy to care for. Packaged with a variety of options, they are just the right size for a desk, bookcase, counter or windowsill.

**Wonder Fleur is the perfect gift** – a micro mini paired with an aroma reed diffuser. Packaged together in an attractive gift box. Wonder Fleur is shipped with a display stand for store placement.

Our glass cylinders take our micro orchids to new heights! Surrounded by water gel pearls in a 28cm cylinder vase, these micros are low-maintenance, elegant, and can be enjoyed just about anywhere!

## //BOLD

Breathtaking is how people describe our Bella White Orchids. Perfect for when you need to make a bold and beautiful statement for that special occasion.

# //SIMPLY SOPHISTICATED

Clean, crisp and always elegant. Our premium upgrade white orchids are the perfect complement for the office or a formal dining setting.

# //UNIQUE PORTFOLIO

**At Plainview Growers**, our goal is to make a good thing better. We continually seek new ideas, designs, and containers to enhance the appeal of our orchids.

**Keeping your presentation fresh** and exciting is the perfect way to increase floral sales and gain repeat business.

# //THE PURE BEAUTY STORY

Established in 1985, Plainview Growers is a leader in the wholesale greenhouse industry.
